Monthly Indicators

Lincoln Area Region

July 2024

U.S. existing home sales fell 5.4% month-over-month and 5.4% year-over-year to a seasonally adjusted annual rate of 3.89 million units, with monthly sales down in all four regions, according to the National Association of REALTORS® (NAR). Higher mortgage rates, along with rising sales prices, have kept many prospective buyers on the sidelines, despite more home choices and less competition for those homes.

New Listings increased 25.6 percent for New Construction but decreased 1.8 percent for Existing Homes. Pending Sales decreased 7.0 percent for New Construction and 12.4 percent for Existing Homes. Inventory decreased 3.6 percent for New Construction but increased 19.7 percent for Existing Homes.

Median Closed Price decreased 4.1 percent for New Construction but increased 4.5 percent for Existing Homes. Days on Market decreased 25.0 percent for New Construction but increased 30.0 percent for Existing Homes. Months Supply of Inventory increased 10.9 percent for New Construction and 21.4 percent for Existing Homes.

Home prices have maintained their upward trend across much of the country, even as sales slow and inventory improves. According to NAR, the national median existing-home sales price climbed 4.1% year-over-year to \$426,900 as of last measure, an all-time high. Meanwhile, total housing inventory increased 3.1% month-over-month to 1.32 million units heading into July, the highest level since 2020, for a 4.1-month supply at the current sales pace.

Housing Affordability Index

This index measures housing affordability for the region. For example, an index of 120 means the median household income is 120% of what is necessary to qualify for the median-priced home under prevailing interest rates. A higher number means greater affordability.

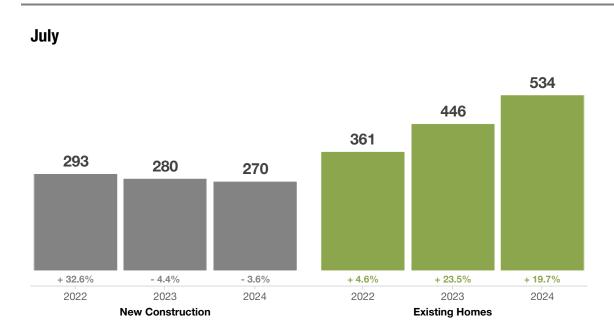

Affordability Index	New Construction	Year-Over-Year Change	Existing Homes	Year-Over-Year Change
Aug-2023	89	- 11.9%	116	- 24.7%
