Lincoln Area Region

## September 2024

U.S. existing-home sales slid 2.5% month-over-month and 4.2% year-over-year to a seasonally adjusted annual rate of 3.86 million units, according to the National Association of REALTORS® (NAR). Meanwhile, home prices have continued to reach record heights nationwide, with NAR reporting a median sales price of \$416,700 as of last measure, a 3.1% increase from the same time last year and a new high for the month.

New Listings decreased 0.9 percent for New Construction but increased 12.7 percent for Existing Homes. Pending Sales decreased 39.5 percent for New Construction but increased 15.9 percent for Existing Homes. Inventory increased 1.0 percent for New Construction and 18.6 percent for Existing Homes.

Median Closed Price increased 3.0 percent for New Construction and 3.7 percent for Existing Homes. Days on Market increased 25.7 percent for New Construction and 18.2 percent for Existing Homes. Months Supply of Inventory increased 12.1 percent for New Construction and 11.8 percent for Existing Homes.

Amid slower home sales, inventory has continued to grow across the country. According to NAR, there were 1.35 million units for sale heading into September, a 0.7% increase from the previous month and a 22.7% jump from the same time last year. And while monthly existing-home sales were lower than expected this period, NAR Chief Economist Lawrence Yun believes that the rise in inventory, along with lower mortgage rates, should help sales improve in the months ahead.
